

Release Notes

PayrollPlus version 1.8.0.24

Release Date

March 2, 2017

Technical Specifications

Software Version: 1.8.0.24

Database Version: 4.0

Requirements

Minimum Requirements

Hardware

CPU: Inter Core i3 or equivalent

Memory: 2 GB

Storage: 300 MB

Display Resolution: 1366 x 768

Network Interface: Ethernet 10 Mbit or
WiFi adapter

Software

Operating System: Window 7 SP1 or later

Framework: .NET 4.5 or later

Recommender Requirements

Hardware

CPU: Inter Core i3 or equivalent

Memory: 4 GB

Storage: 1 GB

Display Resolution: 1920 x 1080

Network Interface: Ethernet 1000 Mbit or
WiFi adapter

Software

Operating System: Window 7 SP1 or later

Framework: .NET 4.5 or later

Database

PostgreSQL version 9.4.

Other Requirements

If you are upgrading the software to version 1.8.0.24, PayrollPlus version 1.7.0.19 is required. Previous updates are not included in this update.

Release Features

PayrollPlus new features increase the capabilities of the software allowing the user to be more productive, to have more control on the payroll process and to gain more decisional tools and outputs for the administration of the company.

Employees Trainings

Software HR module that allows storing of training sessions and certificates of the employees with scanned images, scores and evaluation.

Training Sessions are a combination of a training provided by an Education Center at specific day or days. Storing this information is a good reference to what certificates have been acquired by the employees of the organisation. This information is combined maybe with a scanned document of the certificate, and in addition with a possible expiry date and a reminder.

Also, scores are given to the employee by the session, to the session by the employee, and to the employee by the supervisor. That way tracking of the quality of the employees and the training sessions is a really useful information that can be extracted from the system.

Social Insurances Export

Social Insurances monthly report is available from the first time in the software. In addition now the software creates export file that can be uploaded via the Social Insurances website for fast payment of this monthly company liability.

Enhancements

PayrollPlus features has been enhanced with better performance, enriched new reports and functionalities.

User Interface

User experience has been enhanced a lot with new messages/tips/warnings where the experience of the existing clients suggested that.

Payslip Notes

Notes can be added during the payroll preparation and later they can be shown on the corresponding payslip of each employee.

Fixes

Due the new features and functionalities required to be implemented in PayrollPlus, from time to time we face some issues that need to be fixed. This is an unpleasant case for us and our clients and we always do our best to solve all issues that might raise as soon as possible.

Report IR61

Printing the Cheque Number was not possible. Now adding this on the report works fine.

Known Issues and Problems

We always want to solve issues raised in PayrollPlus before releasing a PayrollPlus Update. However, in order to give solutions as fast as possible, we sometime release updates before fixing all known issues. Yet, we still want to let you know for those issues and minimize the way the issue affects you.

No known issues

Upcoming Features

There is always something new that we are working on, and we would to let you know about what to expect in the near future.

Interface with popular accounting software

We are implementing interfaces with accounting software to make your life easier. There is many accounting software available in the market and as new customers request implementation of interface with the accounting software they use, we develop accounting interfaces from time to time.

Reporting

Reports that are available in the software are enriched and prepared based to the needs of the clients. New reports are developed and getting available on every software update.

Travelling

Travelling tracking of employees of the organisation.
